A vertical photograph of a large warehouse interior. In the foreground, a yellow and black forklift is visible, with the number "2" on its side. The background shows high ceilings with industrial lighting and rows of shelving or equipment.

## ABOUT **SENTOR ELECTRICAL**

---

### **The Region's Leading Electrical Distributor**

Sentor Electrical is the leading electrical distributor to MEP contractors across the Gulf region with offices in Dubai, Abu Dhabi, Oman & Qatar. Every day, companies in the region make us their first choice for competitively priced electrical supplies. We are proud to be an associate company of Edmundson Electrical UK, the UK's largest Electrical Distributor for the world's leading Electrical branded products.

### **The Complete Solution**

As a principal Electrical Distributor of branded products, you can be confident that our highly trained technical sales engineers are always there to support you from an initial quotation, through to project completion. Our teams have immense experience in the supply of electrical materials to large scale projects with major MEP Contractors in the region and can offer practical solutions to your design and installation challenges. Our customers trust our technical ability to train their staff on technical and installation matters.

### **Everything Electrical**

Sentor Electrical's huge range of products means we are the region's one stop shop for *Everything Electrical*. We have significant expertise in supplying to airports, hospitals, schools, universities, hotels and major residential projects. Our brands have been successfully submitted and approved with all major MEP consultants in the region and to some of the most prestigious and complex projects in the world.

### **The Right Choice**

Our same day or next day deliveries are picked from our huge stocks, enabling us to deliver what you need when you need it. We supply only the highest quality branded products alongside our legendary support and service, meaning your decision to purchase electrical products from Sentor Electrical will be the best decision you ever make. Guaranteed.

## TRADING **SEGMENTS**

### **Lighting Supplies**

Sentor Electrical distributes an extensive range of lighting products from the best manufacturers across the globe. We offer enriching design solutions that add value to any project ranging from schools, villas, apartment blocks to substations, metro stations, and multi-story car parks.

Employing a team of qualified lighting engineers, Sentor Electrical offers expert technical advice, including value engineering services. Our service is unbiased, enabling Sentor Electrical to meet your financial budgets, whilst supplying world class products sourced from around the world.

### **Mechanical Supplies**

Sentor Electrical is a key distributor for Crane Pressure Independent Control Valves (PICV'S) and Pipe Fittings. Our services include a full design for installations, incorporating fan-coil units or chilled beams offering an excellent solution for control of water flow rates, comfort control, and significant energy savings as part of a variable volume system design.

Our service commitment starts from an initial project appraisal through to design and on-site cooperation during installation with ongoing support for maintenance of the system.

### **Security & Technologies**

Sentor Electrical has significant market experience in the design, supply, and commissioning of Extra Low Voltage Systems. These include structured cabling networks, audio video intercom systems, CCTV, as well as lighting controls.

Our support extends through to initial project appraisal, system design, installation, programming, and final commissioning of the system. Our comprehensive technical support is backed by unrivalled local stock availability for all ELV material supplies.

### **Earthing & Lightning Protection Supplies**

Sentor Electrical is the clear market leader when it comes to the design, supply and maintenance of ABB Furse Earthing & Lightning Protection Systems across the region.

Our team of well-trained ELP design engineers will provide you with services in soil resistivity testing, project risk assessments and full CAD designs. We are leaders in this field and well known for our superb onsite support prior to and during installation and commissioning.

### **Electrical and Cables Supplies**

Sentor Electrical is a key distributing partner for the Middle East's leading cable manufacturers, Prysmian, Oman Cables and Teknikabel. Sentor carries in depth stock from 1.5mm to 630mm building wires and SWA. We also stock and distribute specialist cables for oil & gas, data, telecoms, automation, audio-video, renewables and a full range of Prysmian fire rated FP200, FP400 and FP600.

### **General Electrical Products**

Our partnership with many of the world's leading electrical brands gives you access to thousands of high quality, electrical products, at competitive prices. With so many quality products available, we are confident that we have products to suit any project size and budget.

One example is Senelec; our high quality range of everyday electrical items available from all Sentor Electrical locations. Senelec has been designed and manufactured to offer a high quality, cost-effective, product range that can be installed with 100% confidence. The Senelec range comes with a 2 year warranty and includes cables, accessories, cable management, earthing, LED lighting, isolators, and weatherproof wiring accessories, all from stock and delivered within 24 hours.

## TRUST **OUR PRODUCTS**

---

**At Sentor Electrical you can trust our products.**

Our partnership with many of the world's leading electrical brands gives you access to thousands of high-quality products at competitive prices. Every item we stock is a genuine, branded product, sourced directly from the manufacturer. We are very proud to issue Country of Origin Certificates and a full set of test certificates for all products supplied to give you extra reassurance.

All suppliers we choose have their own ISO systems which we work to and warranties that we pass on to our customers.

## TRUST **OUR PEOPLE**

---

**At Sentor Electrical you can trust our people.**

We employ qualified engineers and specialist technical staff who undergo regular product training direct from the manufacturers ensuring we are always one step ahead of new technology and the latest legislation.

We have General Managers based in each country of operation, meaning there is always someone nearby for our customers to talk to. The team are encouraged to be problem solvers for our clients whilst always maintaining the highest levels of integrity and a dedication to getting it Right. First Time. Every Time.
